The accessories are kept inside pedal groove.

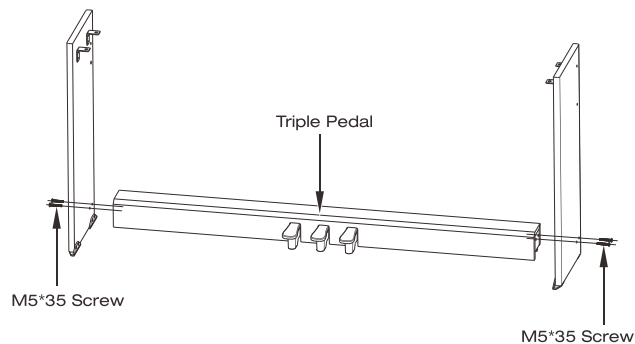

Installation

1. Assembling the two Side Boards.

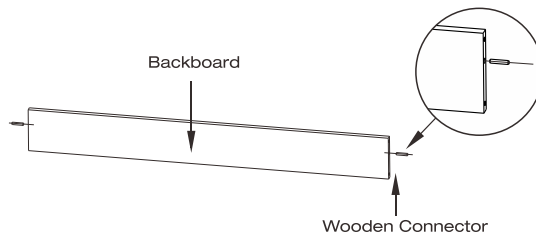

2. Assembling the Triple Pedal & the Backboard.

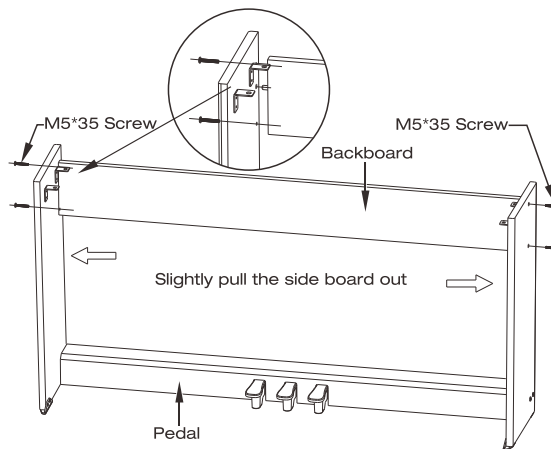

- Lay down the Triple pedal on the leveled ground, untie the triple pedal cable. Attach the triple pedal to the sideboards with 4 M5*35 screws.

- Put wooden connectors into the backboard as shown.

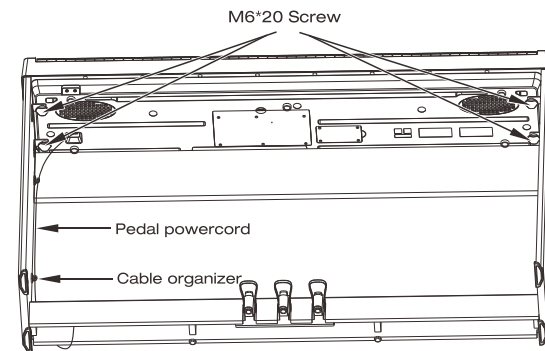

- Secure the backboard to the sideboards with 4 M5* 35 screws.

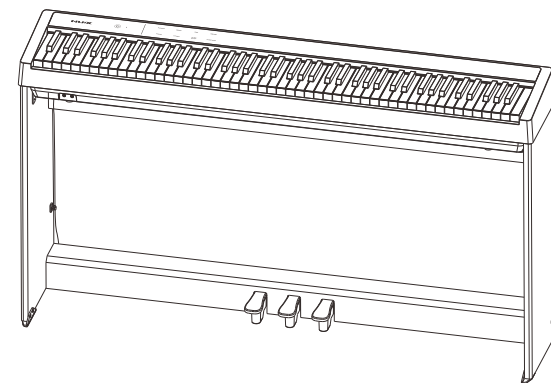

3. Mount the Keyboard.

Hold the keyboard horizontally, and place it on the stand, then secure the keyboard to the stand with 4 M6* 20 screws. Plug in the triple pedal cable to the [Triple Pedal] Jack, use the cable organizer to keep the triple pedal cable in place.

4. Installation complete.
